HOW *WE* START ED

CHRISTIE'S
INTERNATIONAL REAL ESTATE

@PROPERTIES LONE STAR

Unique from the Start

It all began in the mid-1990s, when our founders met at a small brokerage firm and quickly became Chicago's top-selling real estate agents. Recognizing the need for better service and support for both agents and clients, the duo set out on their own to establish @properties in 2000.

Integrating cutting-edge technology with best-in-class marketing, the company grew into one of the largest brokerage firms in the country, leading to the acquisition of the Christie's International Real Estate global luxury network in 2021. Today, @properties Christie's International Real Estate is widely considered the most innovative company in the industry.

We pair strong local ownership with the cutting-edge technology and marketing resources of a leading national brokerage.
