A distinguished Top Producer since 2010, Kim is committed to delivering unparalleled concierge service with the goal of building lasting client relationships. As a dedicated and knowledgeable Austin real estate agent, she offers specialized insights, in-depth market expertise, and exceptional negotiation skills. Certified in Negotiation Expertise, Kim is focused on helping clients achieve their real estate goals with confidence. With a deep understanding of the unique nature of every transaction, she is dedicated to creating a seamless, client-centered experience from start to finish.

Testimonial

"I first met Kim Burke almost nine years ago when she first helped me find an apartment in Austin, TX. Even just with the first meeting , it was clear to me that we were going to be friends. She then helped me buy a house in Southwest Austin. Kim and I have kept in touch over the years by getting together for lunch, at least, once a year. Now she has helped me sell that house since I decided to relocate to the East Coast. Kim is an excellent realtor and knows the legal and procedural intricacies of buying or selling a house extremely well. Having had her help first to buy the house and then sell it nine years later, I cannot see why anyone would try to sell their house on their own without the help of a highly skilled Realtor like Kim Burke. She is highly protective of her clients, either buyer or seller. Kim is not just my realtor, she is also a friend and a highly knowledgeable guide on many matters. I strongly recommend Kim to anyone interested in buying or selling property in Austin, TX and I do so without any reservations. I wish Kim well in all her endeavors."
